Set Up Ideas

THE IDEAL PLAYPEN IS ONE THAT PROVIDES ALL OF THE ELEMENTS OF A RABBITS NATURAL HABITAT.

Gum tree branches with leaves help keep teeth trimmed. The eucalyptus oil keeps the coat shiny & your bunny free of parasites.

TIPS

Hang the hay feeder above the litter tray. Bunnies like munching & toileting at the same time!

Cat tunnels imitate their natural burrows.

Always feed vegies by hand!

You can never have enough cardboard boxes!

Bunnies like digging & chewing them. They do like having an entrance & exit hole though!

Bunnies don't like hard floors! Use rugs & towels.
